# Covid Update, issued August 2020

The various parish facilities and events are essential in fostering a cohesive and happy community. Unfortunately, lockdown has dealt this, along with many other things, a substantial blow.

The parish council is committed to reinstating those facilities and events over which it has control as soon as it possible to do so.

## Play Area

A COVID-19 risk assessment will be undertaken, and weekly inspections will commence. These reports will be used to prepare and maintain the area to reduce any risks to users. See the Parish Council website for the latest information.

## Youth Club

This will operate in August, outdoors only. Booking in advance is essential. Please contact the YMCA for more details.

## Village Events

We had hoped to add to the village events this year, but again the restrictions and social distancing guidelines mean that instead we have had to cancel/defer events.

We are hoping we will at least be able to have the usual Christmas events.
